## INTRODUCTION

The concept of leadership has been the subject of considerable research and discussion over the past several decades. In fact, it is safe to say that leadership is one of the most studied topics in the social sciences. This is not surprising given the importance of leadership in organizations. Leadership is often seen as the key factor that distinguishes successful organizations from less successful ones. It is also seen as the key factor that distinguishes effective leaders from ineffective ones. In addition, leadership is often seen as the key factor that distinguishes successful leaders from less successful ones. In other words, leadership is often seen as the key factor that distinguishes successful leaders from less successful ones.

Given the importance of leadership in organizations, it is not surprising that there is a large literature on the topic. This literature includes a wide variety of studies, ranging from theoretical studies to empirical studies. Theoretical studies typically focus on the conceptualization of leadership and the development of theories of leadership. Empirical studies typically focus on the identification of specific leadership behaviors and their relationship to organizational outcomes. In addition, there is a large literature on the history of leadership, including the development of leadership theories and the application of leadership theories to various contexts.

and the first time I have seen it. It is a  
large tree, with a trunk about 10 feet in  
diameter, and a height of 150 feet. The  
leaves are large and broad, and the flowers  
are white and fragrant. The bark is  
smooth and grey, and the wood is  
very hard and durable. This tree  
is found only in the forests of  
Central America, and is highly  
prized for its timber and medicinal  
properties. It is also used as a  
source of food, particularly by  
the indigenous peoples of the  
region. The tree is known  
as the "El Palo" or "El Palo  
de la Vida" in Spanish, and  
as the "Palo Santo" or "Palo  
Santo" in English. It is  
a truly remarkable tree,  
and one that deserves  
to be better known.

the first time in the history of the world, the  
whole of the human race has been gathered  
together in one place.

### THE CONVENTION

The Convention was opened at the Hall of the  
Assembly on the 15th of December, 1863, by  
the Vice-President of the Republic, Mr. J. A.  
T. Biddle, who, in his address, said:

### THE ADDRESS

"The Convention is convened to consider  
the condition of the slaves in the Southern  
States, and to propose such measures as  
will effect their freedom and secure their  
rights and welfare.

### THE RESOLUTIONS

"Resolved, That we do hereby declare  
that we are in favor of the immediate  
and complete abolition of slavery in all  
the Southern States, and that we do  
recommend to the people of the Southern  
States the adoption of such measures as  
will effect the same.
